

The Guatemala Judo Federation joined to the World Judo Day, celebrating on October 28th, with the theme UNITY.

We hold the World Judo Day on this date as it is the *birthday of Master Jigoro Kano* who ensured that judo would unite people as a sport.

Judo has showed that the UNITY is important to the social and sport development, connecting all the judokas to share experiences and practice this important martial art.

Since the year 2011, Guatemala is part of this great celebration organizing sport activities in all the National Dojos with the purpose to join all the judokas and remember the importance of the Judo around the world.
